

# SIMBARI DESIGN

Architecture, PLLC

## IDE IMAGING PARTNER'S, INC.

Culver Park Office, Rochester, New York

**PROGRAM:** 5,630 SF outpatient medical imaging center.

**MODALITIES:** High field MRI, 16 slice CT, Radiography, Ultrasound, Mammography, Dexa

**COST:** \$900,000

This project created a new outpatient imaging office for IDE on the Northeast side of Rochester, NY. The office space occupies the entire first floor of a 2-story medical office building. Modifications to the building were necessary to accommodate the MRI scanner as required for RF shielding, moving metal, vibration and acoustic sources. The team was led by Thomas J. Simbari, as project architect, manager and lead designer. Sub-consultants were used for mechanical, electrical structural and acoustical engineering. In addition, coordination was required between 2 different Medical Equipment Vendors, Owner, Medical Physicist and RF Shielding Vendor.
