

IDE IMAGING PARTNER'S, INC.

Linden Oaks Office, Rochester, New York

PROGRAM: 7,850 SF outpatient medical imaging center.

MODALITIES: High field MRI, 16 slice CT, Radiography & Ultrasound

COST: \$750,000

This project created a new outpatient imaging office for IDE on the East side of Rochester, NY. The site is located in the lower level of a new 3-story medical office building. Modifications to the building were necessary to accommodate the MRI. The team was led by Thomas J. Simbari, as project architect, manager and lead designer. Sub-consultants were used for mechanical, electrical structural and acoustical engineering. In addition, coordination was required between 2 different Medical Equipment Vendors, Owner, Physicist and RF Shielding Vendor.

* Project completed by Thomas J. Simbari, RA, AIA while employed by others.
